

DEPARTMENT OF THE ARMY
Wilmington District, U.S. Army Corps of Engineers
PO Box 1890
Wilmington, NC 28402-1890

CESAW-TS-EG

DISTRICT REGULATION
NO. 1110-2-6

2 September 1999

Engineering Branch
DAM SAFETY PROGRAM FOR WILMINGTON DISTRICT DAMS

1. Purpose. This regulation prescribes policies **and** procedures for assuring and overseeing the dam safety program for dams **owned** by the Wilmington District, U.S. Army Corps of Engineers.
2. Scope. These instructions are applicable to **the** Dam Safety Officer and Committee described below which are responsible for **ensuring** that every reasonable and prudent effort is made to enhance the safety of Corps-owned dams under this District's jurisdiction.
3. References.
 - a. Federal Guidelines for Dam Safety, 25 June 1979, Supplement to ER 1130-2-419.
 - b. ER 1110-2-100, Periodic Inspection and Continuing Evaluation of Civil Works Structures, 15 February 1995.
 - c. ER 1110-2-1156, Dam Safety-Organization, Responsibilities, and Activities, 31 July 1992.
4. Dam Safety Officer. The Chief of Engineering Branch is designated as the Dam Safety Officer for Wilmington District.
5. Dam Safety Committee: The Dam Safety Committee is composed of the following representatives:
 - Chief, Engineering Branch (Chairman & Dam Safety Officer)
 - Chief, Operations Branch
 - Chief, Emergency Management Division

DR-1110-2-6
2 September 1999

Chief, Construction Branch
Chief, Geotechnical & Environmental Remediation Section
Chief, Public Affairs Office
Planning & Environmental Branch Representative
Natural Resource Management Unit Representative
Water Control Manager (Coastal, Hydrology & Hydraulics Section)
Hydraulic Engineer (Coastal, Hydrology, & Hydraulics Section)
Instrumentation Coordinator (Geotechnical & Environmental Remediation Section)
Dam Safety Coordinator (Geotechnical & Environmental Remediation Section)

6. Responsibilities. The District Dam Safety Officer and Committee are responsible for the execution of the dam safety program. A minimum of two meetings will be held annually with the minutes forwarded to the South Atlantic Division. Responsibilities include but are not limited to:

- a. Ensuring that the organizational staff of qualified technical personnel is sufficient for program implementation.
- b. Establishing a public awareness program with information at each project and coordination with downstream local interest.
- c. Monitoring and evaluating the performance of all dams and appurtenant structures and recommending remedial measures when necessary.
- d. Establishing the priority of dam safety related work.
- e. Conducting dam safety training for the technical staff and project operation and maintenance personnel.
- f. Ensuring that each dam has an adequate surveillance plan.
- g. Coordinating with local and State dam safety officials.
